PCCI Academic Achievement Awards

Education: Beacon of Life
“Edukasyon: Tanglaw ng Buhay”

-- Maryluz C. Farris (2006)

Pledge of Commitment

We, the graduates, pledge to maintain the spirit of gratitude first and foremost to our parents who had gone beyond the call of duty and responsibility in providing us the opportunity to compete in the academic world. To our teachers, who recognized all the potentials in us and never gave up until we have lived up to their highest expectations, and above all to the Lord, our Heavenly Father, who sees us through and inspires us to maintain honesty, grace, dignity as we struggle to attain our goals.

Having achieved an important milestone in our education and preparing to head out to the broader world, we recognize that we will be held accountable with the choices that we are going to make choices that may entail pivotal experiences which can shape not only our destiny, but as well as the immediate community which we belong. To the Filipino-American community, we pledge to set examples of being humble servants who will be willing to lend a hand in any way we can for its own safety, development and progress.

So help us GOD.

-- Maria M. Van Haussen (2006)
